ADVICE

- Gives advice to prevent damage to the product.
- Gives advice to handle emergency situation.

INFORMATION

Gives helpful information or instructions to be followed in using the product.

HANDLING PRECAUTIONS YOU SHOULD OBSERVE

CAUTION

- Do not put the car cover over the car while the muffler is hot. You can get your hands burned if you touch the muffler during installation of the car cover.
- Do not operate the remote control starter system to start the engine without removing the car cover from the car. It can cause a fire.

ADVICE

- Always use the car cover with the front surface up, as this surface is color-coated.
- When dust etc. becomes attached to the car or the rear of the car cover (white), this should be removed with a feather duster or a soft cloth etc. before use in order to keep the car paint from being scratched.
- Avoid using under strong sunlight while the car and/or the car cover is wet. This may have a bad influence onto car and car cover.
- In case of use with a new car, damage to the paint surface is to be feared from friction by wind etc. For two to three months, pay sufficient attention to the car cover application method and the car cover fixing method.
- Avoid using at the time of strong wind, as flapping of the car cover caused by strong wind can damage the paint surface.

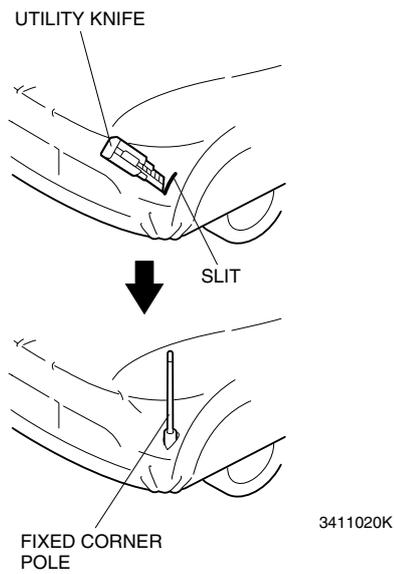

INFORMATION

As the car cover is not perfectly waterproof, always remove the car cover after severe or long rain and dry it well (also wipe the car paint surface well).

INSTALLING THE CAR COVER

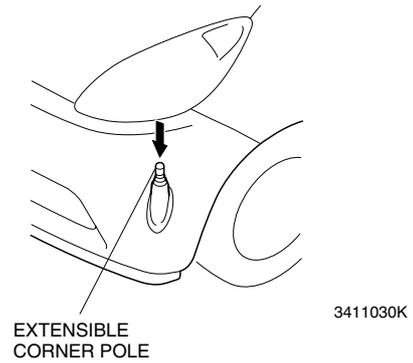

For a vehicle with a fixed corner pole (option) mounted

- Use a utility knife to carefully cut a slit in the location of the mark at the left front corner of the cover before use.

For a vehicle with an extensible corner pole (option) mounted

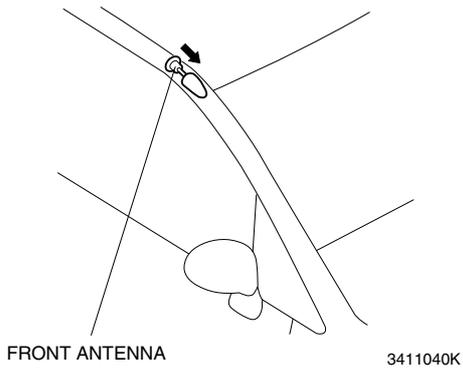

- Extensible the pole before using the cover.

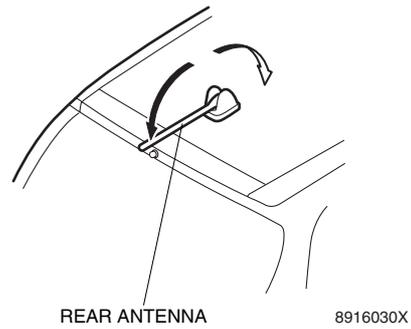

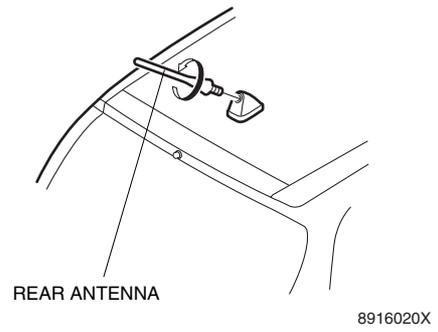

For a vehicle equipped with an antenna (differs according to the vehicle)

- Retract, remove or lay down the antenna before using the cover.

FRONT ANTENNA

REAR ANTENNA

 **ADVICE**

- The lay-down direction differs according to the vehicle. See the Vehicle Owner's Manual.

For a cover equipped with the stoppers

- Push the stopper towards the vehicle side while pulling on the rope, and secure it in place.
- Tuck the excess rope into the inside of the body cover.
